Starsage Air Bubble Rolls

Our premium quality Air Bubble Sheet Rolls are laminated in three layers, which are used for packaging various types of products. The air is entrapped between the three layers to provide excellent cushioning feel which in turn provides protection against dents and scratches. These are available in a roll form in varying lengths, sizes and colors.

Properties of Air Bubble Sheet

1. Excellent water resistance
2. Atmospheric resistance
3. High dielectric properties.
4. Resistance to termite and white ant.
5. Easy and economical packaging process.
6. Very high shock absorption property.
7. Resistant to most acid and alkalis for moderate duration.
8. Light in weight, attractive look, printable, washable and heat sealable.
