 **Starsage**  
Protecting our exports since 2015.

Starsage Packaging act as a one-stop-shop for packaging materials for shipping and warehousing, providing total solutions under one roof offering the best quality products to our valuable customers. We are engaged in providing complete integrated packaging solutions, right from design to delivery. Our Packaging Materials guarantees great results and solutions. Starsage priorities on time deliveries and a quality customer care to educate our customers by providing the relevant technical knowledge to handle our Packaging Materials most efficiently and effectively.

## Why our steel pallets are better?

Steel pallets are superior to plastic pallets and wooden pallets. If you have ever used plastic pallets or wooden pallets for your material handling needs, you know how frustrating and costly it can be when one breaks or becomes contaminated.

Our custom metal pallets are cost effective, safe and durable. metal pallets manufactured by us are virtually unbreakable and resistant chemical contamination or corrosive action. Which may occur with plastic pallets and wooden pallets. Our metal pallets are custom engineered and designed. Our metal pallets are as durable as they get! You don't have to replace metal pallets. There are several direct costs that you save when you decide to purchase metal pallets for your storage and shelving solutions.

**Working With ASRS Equipment:** Wooden pallets are not designed for the **Automated Storage and Retrieval Systems (ASRS)** environment because they rack out of the square, whereas, metal pallets are suited for working in the ASRS environment. These pallets work smoothly on the conveyor belts.

Steel/Metal Pallets	Plastic Pallets	Wooden Pallets
Seldom breaks	Breaks moderately	Breaks easily
Hard to contaminate	Will contaminate moderately	Will contaminate easily
Recyclable	Recyclable	Non-Recyclable
Completely fireproof	Add toxic fumes to fire	Inflammable
Highly customized	Less customized	Less customized
Easy to maintain and clean.	Easy to maintain and clean.	Difficult to keep clean due to frequent breakage, splinters, bugs, fungus
Environmentally friendly 	Non-environmentally friendly	Non-environmentally friendly
Ex:15 year life-span	Ex:4 year life-span	Ex:1 year life-span
Price: \$\$\$	Price: \$\$\$\$	Price: \$\$

Steel/Metal pallets – Are excellent in providing complete safety as they are engineer rated, with rated lashing points and grid mesh to restrain heavy equipment to. Wooden/Plastic pallets – Low safety as wood/Plastic is easily broken, causes splinters and may not be rated to carry heavy equipment.

Climatic Impact: Metal pallets are strong enough to withstand the rigors of tough environments. They are quite adaptable to any climatic condition except for hot climate. However, at mild and low temperature they offer good resistance. Wooden/Plastic pallets stiffen in cold climatic condition; however, you can't see any changes in these pallets in mild and hot weather conditions.

# HEAVY DUTY FOR TOUGH ENVIRONMENT

## DOUBLE DECK HEAVY DUTY METAL PALLET (STPDD)

Model No:	Size	Static	Dynamic	Racking
STPDD13	1300x1300x155mm	10000	3500	2000
STPDD12	1300x1000x155mm	10000	3500	2000
STPDD11	1200x1200x155mm	10000	3500	2000
STPDD10	1200x1200x150mm	10000	3500	2000
STPDD9	1200x1000x155mm	10000	3500	2000
STPDD8	1200x800x150mm	10000	3500	2000
STPDD7	1100x1100x155mm	9000	2500	1500
STPDD6	1000x1000x155mm	8000	2500	1000
STPDD5	1000x800x150mm	6000	1500	800
STPDD4	800x800x140mm	5000	1100	800
